Rest of **COLOUR RANGE:**

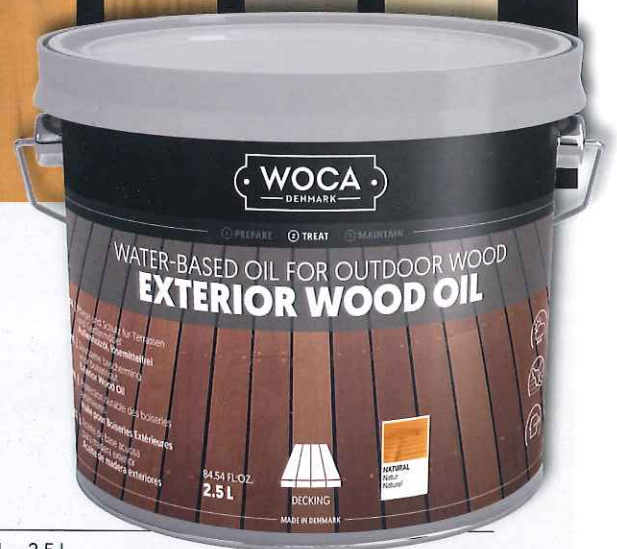

### WOCA EXTERIOR WOOD OIL

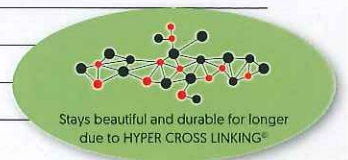

If you are looking for an oil to keep your exterior wood protected whilst enhancing the natural colour and grain of the wood, WOCA Exterior Wood Oil is the solution. The oil provides a hard-wearing surface, contains UV-protection and is fast-drying.

### HYPER CROSS LINKING

The technology utilized in WOCA Exterior Wood Oil is called Hyper Cross Linking, which means the oil molecules form billions of extra connections, intensifying its protective powers. The result is an extremely strong and water-repellent surface, which is easy to clean and maintain.

WOCA Denmark has been caring for floor, furniture and outdoor wood surfaces since 1969. We believe that all materials deserve to be cared for with quality products that keep them looking clean, healthy and beautiful for as long as possible.

Today, we are an international company - but our Danish roots can still be clearly seen in our high quality standards and our outlook. We take great care to limit our environmental impact and to live up to our customers expectations when they use WOCA products to prepare, treat or maintain their materials.
